

WHY CHOOSE F.A.A.?

- 1. Our Academic Program.** Our goal is to challenge students academically and place them into top colleges and universities. **Our graduates have had 100% college or university acceptance** since 1978. We give the individual attention and motivation that your child needs to succeed in today's increasingly competitive academic world. In addition, we offer free after-school teacher help sessions, an on-campus tutoring program to provide extra assistance, an SAT prep course to prepare for this important test, and mandatory evening study halls.
- 2. Our People.** Our caring and dedicated staff and faculty get to know your child personally, and **teachers go out of their way to help your child succeed.** Our level of supervision goes far beyond what other schools offer. Many parents and students comment on the "family atmosphere" at F.A.A. In addition, our student body comes from over 20 different countries, and the chance to make friends from other cultures is one of the students' favorite things about F.A.A.
- 3. A Unique Extracurricular Program.** Our military structure teaches students critical lessons such as **time management, self-discipline, leadership skills, and learning to work together as a team.** After school activities include aviation, surfing, skateboarding, scuba, equestrian, fishing, and other exciting programs that many other schools can't offer. Our award-winning sports teams involve students in more than 13 different sports (and over 30 teams) throughout the year. As a result of our program, students grow in self-esteem, confidence and personal responsibility.
- 4. Location.** Located in sunny Central Florida, only 8 minutes from the beach and 5 minutes from two rivers, we have **possibly the best location of any boarding school in the world.** The vibrant small city of Melbourne has much to offer, including a historic downtown area (4 minutes away), a large shopping mall (3 minutes), and parks, golf courses (one is across the street) and much natural beauty. Florida Tech University is five minutes away and shares programs with F.A.A. Add close proximity to Orlando and all of its attractions, and Kennedy Space Center, and the result is your child will have access to world-class entertainment, recreational and educational opportunities that students in other boarding schools can only imagine!
